Are you doing great things for the environment? Do you participate in voluntary environmental events? Does your workplace go above and beyond regulatory requirements? If you answered yes, then [KY EXCEL](#) is a program for you. [KY EXCEL](#) is a voluntary environmental leadership program where you can meet and interact with Kentucky's environmental leaders.

The [Operator Certification Program](#) trains and certifies wastewater and drinking water system operators to ensure that these environmental professionals are qualified and prepared to properly treat and protect Kentucky's water resources.

The [Brownfields Program](#) helps communities and property owners identify meaningful solutions that encourage the cleanup and redevelopment of underused, contaminated properties.

contaminants into the environment that does not cause imminent danger to human health or the environment; they are below the reportable quantity of the contaminant; and they do not cause a sheen on waters of the commonwealth. This should be the only notification type reported on this Web site.

Looking for Maps and Listing of Nonattainment Areas for Criteria Pollutants?

The EPA's [Green Book Nonattainment Areas for Criteria Air Pollutants](#) provides national and state maps of nonattainment areas, along with individual listings of the areas.

Environmental laws can often be confusing and challenging. The [Environmental Compliance Assistance Program](#) helps regulated entities understand and comply with environmental obligations, advocates for entities underrepresented in the regulatory process and facilitates moving "beyond" compliance to environmental leadership.
